## Welcome to ICAE2022, the 14<sup>th</sup> International Conference on Applied Energy!

With about 800 participants, ICAE2021 was held online in November 2021 due to Covid restrictions. For 2022 we trust in the success of the international vaccination campaigns and in low incident numbers in summer – the 14<sup>th</sup> ICAE is planned as hybrid conference at Ruhr University Bochum, Germany, on August 8 – 11, 2022. On-site participation is preferred. Excursions are foreseen for August 12<sup>th</sup>. The theme of ICAE2022 is “Closing Carbon Cycles – A Transformation Process Involving Technology, Economy, and Society”. ICAE2022 will include keynotes and invited speeches, plenary sessions, dedicated workshops, and oral and poster presentations on various topics. The list of topics relevant to the conference includes (but is not limited to):

- Renewable Energy
- Clean Energy Conversion Technologies
- Mitigation Technologies
- Intelligent Energy Systems
- Energy Storage
- Energy Sciences
- Energy Ethics, Policy, Economics & Regulations

As special topic of the 14<sup>th</sup> ICAE, Transformation Processes in Power Supply, Raw Material Supply, and Urban Structures will be addressed.
